

## **SANYO HVAC Solutions New National Sales Manager for Mini Split Conditioning Systems**

June 1, 2007

*(Bensenville, Illinois, USA; Osaka, Japan)* SANYO Commercial Solutions (SCS), SANYO HVAC Solutions division, announces that Mike McMurrough of SCS HVAC Solutions has been promoted from his current position, as Regional Sales Manager – Mid Atlantic, to National Sales Manager – HVAC mini split air conditioning systems. Mike's career has been dedicated entirely to the HVAC industry, by working both on the manufacturing side and in distribution (i.e. Developing a strong business relationship with SANYO's largest distributor of ductless mini split air conditioning equipment) and therefore possesses a dual knowledge and perspective of each area, which will provide a strong basis and insight for SANYO's continued growth in North American HVAC market.

Mike will continue to work out of his Oxford, PA, location, but will be a frequent visitor to both the Atlanta HVAC operations site and SANYO Commercial Solution head office in Chicago, as well as the respective five sales regions. SCS is confident in Mike's continued dedication to SANYO and commitment to growing the HVAC solutions business.

SANYO's conditioning solutions breathes life into all structures big and small. With over 20 years experience in the U.S., we are consistently building new ideas to help build your business. By delivering more multi-zone options, space-saving designs and environmental friendship, our solutions become human solutions. Because when you think about a building as a living space, everyone involved lives better. From design to installation to operation, we live for the living inside.
